About BIO Asia International Conference

The 15th Annual BIO Asia International Conference, co-hosted by the Biotechnology Innovation Organization (BIO), BioCentury and the Japan Bioindustry Association (JBA), brings together the global biotechnology and pharmaceutical industry to explore licensing and research collaborations in the current Asia-Pacific business and policy environments. Attendees can gain insights into the changes, challenges, and opportunities key opinion and policy leaders foresee for the Japanese biotech market. The conference will take place March 19-20, 2018 at the Grand Hyatt, Tokyo. For more information: <https://goo.gl/ZPYT8k>.

About BrainStorm Cell Therapeutics Inc.

BrainStorm Cell Therapeutics Inc. is a biotechnology company engaged in the development of first-of-its-kind adult stem cell therapies derived from autologous bone marrow cells for the treatment of neurodegenerative diseases. The Company holds the rights to develop and commercialize its NurOwn® technology through an exclusive, worldwide licensing agreement with Ramot, the technology transfer company of Tel Aviv University. NurOwn® has been administered to approximately 75 patients with ALS in clinical trials conducted in the United States and Israel. In a randomized, double-blind, placebo-controlled clinical trial conducted in the U.S., a clinically meaningful benefit was demonstrated by a higher

response to NurOwn® compared with placebo. For more information, visit the company's website at www.brainstorm-cell.com.
