## BrainStorm Cell Therapeutics to Announce Second Quarter Financial Results and Provide a Comprehensive Corporate Update

August 5, 2019

**Tuesday, August 13, 2019, 8:00 a.m. EDT**

NEW YORK, Aug. 05, 2019 (GLOBE NEWSWIRE) -- BrainStorm Cell Therapeutics Inc. ([NASDAQ: BCLI](#)), a leader in developing innovative autologous cellular therapies for highly debilitating neurodegenerative diseases, announced today, that the Company will hold a conference call to update shareholders on financial results for the second quarter ended June 30, 2019, and provide a corporate update, at 8:00 a.m, Eastern Daylight Time, on Tuesday, August 13, 2019.

BrainStorm's President & CEO, Chaim Lebovits, will present a corporate update, after which, participant questions will be answered. Joining Mr. Lebovits to answer investment community questions will be Ralph Kern, MD, MHSc, Chief Medical Officer, and Eyal Rubin, Chief Financial Officer.

Participants are encouraged to submit their questions prior to the call by sending them to: [q@brainstorm-cell.com](mailto:q@brainstorm-cell.com).

Questions should be submitted by 5:00 p.m. Eastern Daylight Time, Monday, August 12.

The investment community may participate in the conference call by utilizing the conference ID: **13693394** and dialing the following numbers:

**Toll Free:** 1-877-423-9813

**Toll/International:** 1-201-689-8573

Those interested in listening to the conference call live via the internet may do so by visiting the "Investors & Media" page of Brainstorm's website at [brainstorm-cell.com](http://brainstorm-cell.com) and clicking on the conference call link.

A webcast replay of the conference call will be available for 30 days on the "Investors & Media" page of Brainstorm's website.

**Toll Free:** 1-844-512-2921

**Toll/International:** 1-412-317-6671

**Replay Pin Number:** 13693394

**Replay Start:** Tuesday, August 13, 2019, 11:00 AM ET

**Replay Expiry:** Tuesday, August 27, 2019, 11:59 PM ET

### [About NurOwn®](#)

NurOwn® (autologous MSC-NTF) cells represent a promising investigational therapeutic approach to targeting disease pathways important in neurodegenerative disorders. MSC-NTF cells are produced from autologous, bone marrow-derived mesenchymal stem cells (MSCs) that have been expanded and differentiated ex vivo. MSCs are converted into MSC-NTF cells by growing them under patented conditions that induce the cells to secrete high levels of neurotrophic factors. Autologous MSC-NTF cells can effectively deliver multiple NTFs and immunomodulatory cytokines directly to the site of damage to elicit a desired biological effect and ultimately slow or stabilize disease progression. BrainStorm is currently conducting a Phase 3 pivotal trial of autologous MSC-NTF cells for the treatment of amyotrophic lateral sclerosis (ALS). BrainStorm also recently received U.S. FDA acceptance to initiate a Phase 2 open-label multicenter trial in progressive MS and enrollment began in March 2019.

### [About BrainStorm Cell Therapeutics Inc.](#)

BrainStorm Cell Therapeutics Inc. is a leading developer of innovative autologous adult stem cell therapeutics for debilitating neurodegenerative diseases. The Company holds the rights to clinical development and commercialization of the NurOwn® technology platform used to produce autologous MSC-NTF cells through an exclusive, worldwide licensing agreement. Autologous MSC-NTF cells have received Orphan Drug status designation from the U.S. Food and Drug Administration (U.S. FDA) and the European Medicines Agency (EMA) in ALS. BrainStorm is currently enrolling a Phase 3 pivotal trial in [ALS](#) (NCT03280056), investigating repeat-administration of autologous MSC-NTF cells at six sites in the U.S., supported by a grant from the California Institute for Regenerative Medicine (CIRM CLIN2-0989). The pivotal study is intended to support a filing for U.S. FDA approval of autologous MSC-NTF cells in ALS. For more information, visit BrainStorm's website at [www.brainstorm-cell.com](http://www.brainstorm-cell.com).

### Safe-Harbor Statements

Statements in this announcement other than historical data and information constitute "forward-looking statements" and involve risks and uncertainties that could cause BrainStorm Cell Therapeutics Inc.'s actual results to differ materially from those stated or implied by such forward-looking statements. Terms and phrases such as "may," "should," "would," "could," "will," "expect," "likely," "believe," "plan," "estimate," "predict," "potential," and similar terms and phrases are intended to identify these forward-looking statements. The potential risks and uncertainties include, without limitation, risks associated with BrainStorm's limited operating history, history of losses; minimal working capital, dependence on its license to Ramot's technology; ability to adequately protect the technology; dependence on key executives and on its scientific consultants; ability to obtain required regulatory approvals; and other factors detailed in BrainStorm's annual report on Form 10-K and quarterly reports on Form 10-Q available at <http://www.sec.gov>. These factors should be considered carefully, and readers should not place undue reliance on BrainStorm's forward-looking statements. The forward-looking statements contained in this press release are based on the beliefs, expectations and opinions of management as of the date of this press release. We do not assume any obligation to update forward-looking statements to reflect actual results or assumptions if circumstances or

management's beliefs, expectations or opinions should change, unless otherwise required by law. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements.
