About the Annual Neuroscience BioPartnering & Investment Forum

The 2nd Annual Neuroscience BioPartnering & Investment Forum to take place on 27th of March at the New York Academy of Sciences. It will focus on key areas of neurodegenerative diseases and pain management with a mix of specialist panels and company presentations. The event is targeted at buy and sell side analysts from investment banks and funds and partnering executives from pharma. For more information, refer to <http://www.sachsforum.com/2nbpi-about.html>

About BrainStorm Cell Therapeutics Inc.

BrainStorm Cell Therapeutics Inc. is a biotechnology company engaged in the development of first-of-its-kind adult stem cell therapies derived from autologous bone marrow cells for the treatment of neurodegenerative diseases. The Company holds the rights to develop and commercialize its NurOwn technology through an exclusive, worldwide licensing agreement with Ramot, the technology transfer company of Tel Aviv University. NurOwn has been administered to approximately 75 patients with ALS in clinical trials conducted in the United States and Israel. In a randomized, double-blind, placebo-controlled clinical trial conducted in the U. S., a clinically meaningful benefit was demonstrated by higher response to NurOwn compared with placebo. For more information, visit the company's website at www.brainstorm-cell.com.
