

BrainStorm Cell Therapeutics to Present at the 2020 Biotech Showcase and 3rd Annual Neuroscience Innovation Forum at JPM Week

NEW YORK, Jan. 07, 2020 (GLOBE NEWSWIRE) -- [BrainStorm Cell Therapeutics Inc. \(NASDAQ: BCLI\)](#), a leading developer of adult stem cell therapeutics for neurodegenerative diseases, announced today that Chaim Lebovits, President and Chief Executive Officer, will provide a corporate overview at the 2020 Biotech Showcase, being held on January 13-15, 2020 at the Hilton San Francisco Union Square in San Francisco, California.

Mr. Lebovits will also present at the 3rd Annual Neuroscience Innovation Forum, taking place on January 12, 2020, at the Marines' Memorial Club in San Francisco. Additionally, Ralph Kern M.D., MHSc, BrainStorm's Chief Operating Officer and Chief Medical Officer, will participate on a Rare & Orphan Diseases Panel.

[2020 Biotech Showcase](#)

Details

Date: Monday, January 13, 2020
Time: 11:00 am Pacific Time
Location: Hilton San Francisco Union Square, Hilton/Yosemite A, Ballroom Level
Presenter: Chaim Lebovits, CEO
Webcast: <https://bit.ly/37EfffC>

[3rd Annual Neuroscience Innovation Forum](#)

Details:

Company Presentation:
Date: Sunday, January 12, 2020
Time: 2:10 pm Pacific Time
Location: Marines' Memorial Club, SF
Presenter: Chaim Lebovits, CEO
Webcast: <https://bit.ly/2T4ZeFj>

[Rare & Orphan Disease Panel:](#)

Details

Date: Sunday, January 12, 2020
Time: 10:45 am Pacific Time
Location: Marines' Memorial Club, SF
Presenter: Dr. Ralph Kern, COO & CMO

Meetings

BrainStorm's senior management will also be hosting institutional investor and partnering meetings at the 2020 Biotech Showcase conference (<https://goo.gl/SGFm62>). Please use the Investor contact information provided below to schedule a meeting.

[About NurOwn®](#)

NurOwn® (autologous MSC-NTF cells) represent a promising investigational approach to targeting disease pathways important in neurodegenerative disorders. MSC-NTF cells are produced from autologous, bone marrow-derived mesenchymal stem cells (MSCs) that have been expanded and differentiated ex vivo. MSCs are

converted into MSC-NTF cells by growing them under patented conditions that induce the cells to secrete high levels of neurotrophic factors. Autologous MSC-NTF cells can effectively deliver multiple NTFs and immunomodulatory cytokines directly to the site of damage to elicit a desired biological effect and ultimately slow or stabilize disease progression. NurOwn® is currently being evaluated in a Phase 3 ALS randomized placebo-controlled trial and in a Phase 2 open-label multicenter trial in Progressive MS.

[About BrainStorm Cell Therapeutics Inc.](#)

BrainStorm Cell Therapeutics Inc. is a leading developer of innovative autologous adult stem cell therapeutics for debilitating neurodegenerative diseases. The Company holds the rights to clinical development and commercialization of the NurOwn® technology platform used to produce autologous MSC-NTF cells through an exclusive, worldwide licensing agreement. Autologous MSC-NTF cells have received Orphan Drug status designation from the U.S. Food and Drug Administration (U.S. FDA) and the European Medicines Agency (EMA) in ALS. BrainStorm has fully enrolled a Phase 3 pivotal trial in ALS ([NCT03280056](#)), investigating repeat-administration of autologous MSC-NTF cells at six sites in the U.S., supported by a grant from the California Institute for Regenerative Medicine (CIRM CLIN2-0989). The pivotal study is intended to support a filing for U.S. FDA approval of autologous MSC-NTF cells in ALS. For more information, visit BrainStorm's website at www.brainstorm-cell.com.

Safe-Harbor Statement

Statements in this announcement other than historical data and information, including statements regarding future clinical trial enrollment and data, constitute "forward-looking statements" and involve risks and uncertainties that could cause BrainStorm Cell Therapeutics Inc.'s actual results to differ materially from those stated or implied by such forward-looking statements. Terms and phrases such as "may", "should", "would", "could", "will", "expect", "likely", "believe", "plan", "estimate", "predict", "potential", and similar terms and phrases are intended to identify these forward-looking statements. The potential risks and uncertainties include, without limitation, BrainStorm's need to raise additional capital, BrainStorm's ability to continue as a going concern, regulatory approval of BrainStorm's NurOwn® treatment candidate, the success of BrainStorm's product development programs and research, regulatory and personnel issues, development of a global market for our services, the ability to secure and maintain research institutions to conduct our clinical trials, the ability to generate significant revenue, the ability of BrainStorm's NurOwn® treatment candidate to achieve broad acceptance as a treatment option for ALS or other neurodegenerative diseases, BrainStorm's ability to manufacture and commercialize the NurOwn® treatment candidate, obtaining patents that provide meaningful protection, competition and market developments, BrainStorm's ability to protect our intellectual property from infringement by third parties, health reform legislation, demand for our services, currency exchange rates and product liability claims and litigation,; and other factors detailed in BrainStorm's annual report on Form 10-K and quarterly reports on Form 10-Q available at <http://www.sec.gov>. These factors should be considered carefully, and readers should not place undue reliance on BrainStorm's forward-looking statements. The forward-looking statements contained in this press release are based on the beliefs, expectations and opinions of management as of the date of this press release. We do not assume any obligation to update forward-looking statements to reflect actual results or assumptions if circumstances or management's beliefs, expectations or opinions should change, unless otherwise required by law. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements.
